Personal Statement

I'm a young guy who loves computers and technology, and I'm currently studying at MidKent College. I work best in a team setting where I can help others and pick up new ideas. I'm confident, friendly, and bring a positive attitude, which makes it easy to connect with people. I'm always excited to learn new skills and improve in what I do.

Professional Experience

Reigate Ductwork Manufacturers

Workshop

- I worked and conversated with others in the workshop
- Collaborated to make specific needed item by the needed time slot
- We completed other various tasks throughout the day

JJS ClayShooting Range

Machine Operator

- We set the Clay Shooters where they was positioned for the day and did this with multiple other people to be ready in time for customers
- During the day conversing and interacting with customers and my colleagues creating a very fun environment
